Desegregation Plan Reviewed At Paris

PARIS 6P — The U.S. Commissioner of Education has suggested that Henry County Institute be "freed of charges" plan so more Negro students can transfer to integrated schools or face a federal review of the county's school desegregation plans.

Handel Howe notified school officials by letter Wednesday that the present system is "not operating effectively" and additional changes are needed.

Kemp, school superintendent, said no immediate action was planned for the program which calls for complete desegregation by the fall of 1968.

"The county board and I feel we've done the best job that can be done at the present time on desegregation in connection with the guidelines," Kemp said.

"We feel that if we try to do more we'll create more harm than we will good."

Letter To The Editor

Mr. James C. Williams
Sir:
Thank you for printing my letter (September 10, 1966). My respect for you has gone up, up and up.

Although I do not agree with you, I respect you for the manner in which you answer my given.

I am sincerely glad that the issue between Tappan and the employees has been settled. I hope they will have a happy relationship for the duration of the contract, for the county, city, company and workers.

It is too bad that the company had to use the threat added by the press, to settle the strike.

The example of moving a chair out of your own house does not remotely compare to the problem. There is no comparison between the two.

I very well know that the union has gone too far in many cases. Believe me, when I say that I try to look at both sides.

I noticed that an attempt was (Continued on Page Six)

Two Girls Are Now Missing

By RANDOLPH PENDLETON
United Press International

TAVARES, Fla. 6P — The parents of two young women who mysteriously disappeared in a national forest Sunday with 300 to 500 persons in the vicinity appeared to the public for help today.

"If anyone has any information, please, please get in touch," said the parents of Nancy Lechner, 21, of Largo, and Pamela Anne Nater, 20, of Clearwater.

Nancy, a green-eyed blonde, and Pamela, a brunette, were last seen walking down a nature trail in their bathing suits. They were on a picnic at Alexander Springs, a popular recreation area in the extreme southeastern portion of Ocala National Forest.

A search party of 18, mounted on horseback, looked through the swampy underbrush which abounds with snakes, bears and bobcats Monday. One officer said "we covered a 15-quadrant mile area inch-by-inch."

The fathers of the women, Edward Lechner, a Largo businessman, and Herman Nater, general district manager for Montgomery Ward in Chicago, indicated they thought their daughters were abducted rather than lost or drowned.

"Nancy is too level-headed to have had either happen," said Lechner.

Nater said Pamela is "well disciplined. She wouldn't wander off the trail."

Deputy Malcolm McCall said there was nothing to indicate the young women had been abducted, but said such a theory wasn't being eliminated.

The girls were reported missing by their father, who said Nancy and Pamela decided to walk down the nature trail but said they did not intend to swim in the surrounding springs because the water was too cold. Both were said to be good swimmers and Nancy is secretary of the Aquatics, a swimming club.

Craig Mackie, 21, who is engaged to Nancy, and Ben Dauter, 21, Pamela's date, rented a canoe and began searching for the girls.

Authorities said there were 300 to 500 persons in the area at the time of the girls' disappearance.

Tigers Play Trigg County Friday Night

The Murray High Tigers, after a very disappointing loss to Bowling Green last Saturday night, will journey to Chadis this Friday to play Trigg County High. Game time is 8 o'clock in Chadis.

The Tigers are working hard to correct the many mistakes made in last week's game and "We hope we've succeeded," Coach Ty Holland said today.

The Tigers missed their senior fullback, Steve Simmons, who evidently had held the backfield together. With an added week of practice, the Murray boys should be better organized now.

Trigg County has improved from week to week and they have won one game and lost three. However, they made a very creditable showing in their three touchdown defeat by Caldwell County, one of the better teams in this area.

Murray looked better in their scrimmage yesterday and will spend the rest of the week in pass offense and pass defense.

Sandy Koufax Pitches Today As Dodgers Try For Winning Score

By LEO H. PETERSEN

UPI Sports Editor

LOS ANGELES 49 — The Los Angeles Dodgers called on Sandy Koufax—the same fellow they always turn to whenever they're in trouble—to get them back on the right track today and even the 1966 World Series with the Baltimore Orioles.

Boston in the opening game Wednesday, 5-2, on first inning homers by the Robinson boys, Frank and Brooks, and by the brilliant, unexpected mound pitching of National League closer Jim Dwyer.

The Dodgers still were rated 9-5 favorites to win the second game with Koufax.

But the Orioles, by hammering big Don Drysdale and denying the Dodgers their first home game since they lost the first game of the series, had started the series as 8-5 underdogs.

"I don't imagine," said smiling Hank Bauer, "that Koufax is going to be easy for us as Drysdale was, but as I've said all along we are going to win it on our hitting."

Alston Not Discouraged

Manager Walt Alston of the Dodgers, who has been so discouraged by the opening game loss, said he was confident Koufax would get his club even.

"I sure don't want to lose the first two games again this year like we did last," he added. Then the Dodgers came back to defeat the Minnesota Twins in seven games with Koufax, of course, wrapping it up for Los Angeles.

A 17-game winner who earned every nickel of the \$125,000 salary he gets from the Dodgers, Koufax has been like money in the bank in clutch games. He beat the Philadelphia Phillies in the final game of the season last Sunday to give the Dodgers their second straight pennant.

With Jim Palmer, a 15-game winning right hander going for the Orioles, Alston made his usual lineup change, putting Ron Fournier, a left handed hitter, in the outfield and benching Tommy Davis, a right handed batter.

Bauer also made a change, sending right-handed hitting Paul Blair to center field instead of the outfield.

Alston said the fact that Drysdale was hit early did not bother him pitching plans so he will come back with the big right hander in the fourth game and Bauer also will give Melvin — with Drysdale at the ready in the bullpen — another shot.

Western Stars Led Easterners In Yardage

NEW YORK 49 — The top college total-offense leaders hail from "Our West," and they are running circles around their Eastern counterparts, according to official statistics released today by the NCAA Service Bureau.

But don't take anything away from the Midwest, Southern and Eastern players, because they are busy running up scores while the boys out west are piling up yardage.

The total-offense leader, Hank Washington of West Texas State, has 539 rushing-passing yards to his credit. San Jose State's Danny Holman is second with 411 yards.

Followed by Bo Burris of Houston, Bob Davis of Virginia and UCLA's sensational Gary Beban, who has a total of 628 yards.

In scoring, Lenny Snow, Georgia Long.

Tech's junior tailback, and Purdue's Perry Williams head the field with 42 points. Marvin Hubbard of Duke has 38, and Duke's Jay Calabrese sports 36 points, while four others are tied with 30 points to their credit.

Radio fullback Ray McDonald tops the list in yards rushing with 432 yards on 80 plays in three games.

Jim Bout of New Mexico State, Cornelius Davis of Kansas State, Kent State's Don Fitzgerald and Pete Larson of Cornell trail McDonald.

In passing, Danny Holman of San Jose State leads in completions with 60 in 92 attempts, for 768 yards and six touchdowns.

Washington, who leads in total offense, is second in passing and Billy Stevens of Texas Western.

Vidal Carlin of North Texas State All America Bob Grise of Purdue is ninth.

Notre Dame sophomore Jeff Seymour is fourth in pass receiving, with 22 for 417 yards. Doug Flansburg of Washington State leads the pack with 27 receptions but only 269 yards, followed by Michigan's Jack Clancy, Arizona's Jim Grish, Seymour and Pitt's Bob V. Riley.

LOS ANGELES (UPI) — Pickin' the weekend winners:

Casey Stengel, a little out of practice, throws out the first ball today and also lets the cat out of the bag with one of his knowing winks that Southern Cal could go all the way this year if and providing that light doesn't take a header near second base.

Confused? Fine! You may now consider yourself in strategic position for what is to follow.

Mississippi To Meet Georgia On Saturday

By United Press International

The University of Mississippi put emphasis on blocking and timing Tuesday in brick workouts in preparation for the Rebels' contest with the University of Georgia at Athens Saturday.

Coach Johnny Vaught and Bruce Newell of Meridian, Miss., calling signals for the first team while Carroll Walker of Macon, Miss., and Jody Graves of Tarrant City, Ala., alternated as quarterbacks with the second unit.

At Athens, the Georgia Bulldogs were told they would have to be at their best to handle Old Miss, described as one of the defensive teams in the Southeastern Conference.

In other SEC training camps Florida scheduled another day of hard drills before tapering off for the game Saturday with tough Florida State. Florida Coach Ray Graves said he expects a high scoring game because both clubs have "explosive backfields."

Ralph Shug Jordan was pleased the way Auburn worked out Tuesday. He said the defense had a "real good day" in working against Wake Forest sets and plays.

"Wake Forest has a lot of offense and we've got a big job stopping it," Jordan said.

At Baton Rouge, the Louisiana State Tigers worked on their passing game in preparation for their go Saturday against Texas A&M.

The offense started slow but picked up later in the drill when quarterback Fred Hayes and Trey Praeger began hitting their targets consistently.

Defensively, the Tigers worked against pass patterns which helped the Aggies to a 35-14 win over Texas Tech last week.

Mississippi State Coach Paul Davis dismissed a two-hour drill Tuesday with a 30-minute full scale scrimmage as he prepared his Bulldogs for Saturday's homecoming battle with Southern Mississippi.

Davis termed the practice session "a real good workout."

There was good news at Alabama with the announcement that fullback Leslie Kelley will probably see action this Saturday against Clemson.

Kelley suffered neck, shoulder and back injuries during the Mississippi game last week but X-rays Tuesday showed the injuries were not as bad as at first thought.

The Tennessee Volunteers worked on Georgia Tech's favorite plays Tuesday in preparation for Saturday's game in Atlanta.

"Tech can do so many things well, you have to be prepared for anything," said Coach Doug Dickerson.

on your own.

The East

Navy over Syracuse — Wes Parker, poor fella, is practicing to become a writer.

Holy Cross over Colgate — The game can get you. Six guys on the Dodgers have had ulcers.

Dartmouth over Princeton — Boog Powell is the guy who worries Phil Regan.

West

Virginia over Pittsburgh — Dodgers like Ron Santo, but Cubs like him seven more.

Also: Boston College over Penn State, Temple over Bucknell, Harvard over Columbia, Buffalo over Boston U., Yale over Brown, Rutgers over Lehigh, Cornell over Penn and Delaware over Lafayette.

The Midwest

Michigan State over Michigan — Straight from Andy Scheffer.

Notre Dame over Army — Brooks Robinson came up with the best series pick of all. "UPI is three," he says.

Wisconsin over Nebraska — Walt Alston, prefers playing on his home field too.

Ohio State over Illinois — would you believe Vic Rozumovsky never rode on a train in his life before this year?

Also: Purdue over Iowa, Missouri over Kansas State, Indiana over Minnesota, Colorado over Oklahoma State, Iowa State over Kansas, Ohio U. over Toledo, Louisville over Dayton, Xavier over Cincinnati and Miami O. over Kent State.

The South

Georgia Tech over Tennessee — the Mets are no dopes. The Dodgers are going to Japan after the series, so the Mets are going to Greenfield, near the North Pole.

Alabama over Clemson — some of the Orioles would like to see this one, but they'll be a little busy that day.

Florida over Florida State — Ban players pose in fancy clothes, then wear dungarees off the field.

Louisiana State over Texas A. and M. — Most fidgety player in the World Series is Lou Johnson.

Also: Georgia over Mississippi, Kentucky over Virginia Tech, South Carolina over North Carolina State, Maryland over Duke, Tulane over Virginia, Mississippi State over Southern Mississippi, George Washington over The Citadel and William and Mary over Villanova.

The Southwest

Oklahoma over Texas — Mickey Mantle always watches this one with interest.

UCLA over Rice — This one comes from Sandy Koufax.

Texas Christian over Texas Tech — With three Johnsons two Davis' two millers and two Robinsons, no wonder everyone is mixed up.

Also: Arizona over New Mexico and New Mexico State over Pacific.

The Far West

Southern Cal over Washington — Are you gonna go against Casey? Oregon State over Northwestern — But Casey says he has nothing to do with this one.

Stanford over Oregon — Willie Davis sings bass.

Air Force over Hawaii — And Dick Stuart sang soprano so long, his parents became a little frightened.

Also: Brigham Young over Utah State, Wyoming over Utah, California over San Jose State, Long Beach State over San Diego State and Washington over Arizona State.

Office Business Is Boss' Business

By Abigail Van Buren

DEAR ABBY: I am an executive who admits he doesn't know all the answers. The wife of one of my employees visited me and asked me to discharge her husband. She claimed he was a good husband and father until he became involved with another employee here. She said because of this affair her husband has failed to provide adequate support for her and their children, and she was sure if he were discharged he would return to his family.

Abby, I pay this man a good salary and I have no control over how he spends it. Should I involve myself in a marital crisis? Or do you think if a man does his job well, what he does on his own time is his own business?

DEAR ABBY: What a man does on his own time would ordinarily be his own business, but if there is hanky panky within your company, then it becomes your business. Call the man in and give him a chance to speak his piece and do what you can to straighten him out. I wouldn't discharge him without hearing his side of it.

DEAR ABBY: Where can I learn to strip-tease dance? My husband is crazy about that kind of dancing and I would like to learn how and surprise him. I would also like to learn a little belly dancing on the side.

JANET: Refrainments were served by the hostesses.

Others present were Mesdames George Conney, Hilda Maupin, Harry Shekel, Walton Fulkerson, Keys Keel, Charles Henry, Alfred Keel, Thomas Parker, Charles Buckner, John Stamps, W. A. Farmer, Maude Hale, Albert Crider, and Arvin Futrell.

DEAR JANET: Inquire at the local dancing school. But I don't recommend stripping him. Strip-teasing and belly dancing could be a bit difficult for a husband to stomach all at once.

DEAR ABBY: I have been going with "D" for 4 years. We have dated no one else although we have kept our eyes clearly open. We definitely planned on a future together, but here is the problem: "D" says we can't get married until he pays his parents back for putting him thru college, otherwise we would be getting married on his parents' money.

Abby, they are very well-to-do, and I am sure they don't expect "D" to pay them back. The whole thing is too ridiculous. "D" says it will take him at least 2 years to pay his parents back, but we should just continue waiting for each other. Should I wait, or look elsewhere?

Mr. and Mrs. Bob Neale and children, Bruce and Susan, of Huntsville, Ala., spent the past weekend with their parents, Mr. and Mrs. Bryan Neale and Mr. and Mrs. Pete Farmer.

Photography Good Project For Jeanne

By Jeanne Jarrett

This was my first year in photography. I enjoyed it very much. I entered my Record Book at the Purchase Area and received a red ribbon. My camera is a 104

Kodak Instamatic. I took more than ninety-six pictures this year. While I was visiting in Indiana I took most of my pictures of scenes and historic places. I made some mistakes such as, cluttered backgrounds, and poor lighting. Next year I hope to improve these mistakes.

A WOMAN ON THE PEOPLE

by the award-winning novelist,
BENJAMIN CAPPS

Letter To The Editor

(Continued From Page 1)

being made to organize the city employees. I know nothing about this subject so I will not comment on it. I did check into the Tappan deal "first hand".

If the city employees are happy, you have nothing to worry about. If they are not happy, you can expect them to be organized before too long. (Maybe the employees of the Ledger and Times also). Don't anyone think that would be impossible.

Organized labor is just beginning to reap some of the benefits that they have been deprived of for many years.

Let me give you an example of what unity will do for the working man.

I work for Ex-Cell-O Corp. It is the largest and the company in the US. They keep trying to break the union. They own about fifty plants in the US, Canada and foreign countries.

Example — they bought or had a constructed a new modern building outside the city limits in order to get away from the local 49 union. The new building and new machines cost over 2 million dollars. It was to be the most modern and shop in the United States. They said they would not consider our local 49 union in the new place.

We had a mass meeting of the Detroit plants and voted 97.9 per cent to not go to the new plant (secret ballot).

Then the company bought another modern plant (much larger) inside the city limits and accepted our local union. We are to move before the first of the year. The second plant cost over three million dollars plus over half a million in new equipment.

They gave us the same threat that Tappan gave. I will venture to say that Tappan never intended to move from Murray. They just used their raw power to make the workers sign a contract.

I will say that the union does the same thing.

Ex-Cell-O wants to divide the corporation into small plants so that if one plant goes on strike, it will not affect the corporation too much. The only way to combat this is to have complete unity of all the plants so that if one plant strikes they all strike.

The only power that the working people have is the power to strike.

Ex-Cell-O's profit last year in Detroit only was over 30 million dollars. (Government report), yet they tell us they are not making a profit. The stockholders received the highest dividend in the history of the company (75 years old).

I agree with you on the point of settlement being made in harmony and good will and all working toward a common goal for Challoway County, Tappan and business and stockholders.

I received several real nice letters in regard to the Tappan strike. I also received two letters from irrational people who did not have enough principal about them, to sign their names to the letters. One of the letters contained a threat on my life, but that "doesn't" bother me at all.

It just shows what they are made of. These two people have

no knowledge of what organized labor means. We only want a fair shake, security for us and our families. Thanks again.

Sincerely,
Irwin Enoch

P. S. I especially enjoy "Seen and Heard Around Murray" in your paper and also the 10, 20 and 30 years ago.

Jill Craig Makes Lamp In Project

By Jill Craig

This year in 4-H work I made a lamp. I am using this lamp on a desk to do my homework in school. I am 13 years of age and in the 8th grade at Hazel. I find there is lots of homework to be done this year as the teachers are trying to prepare us for high school.

My Aunt brought the material for two lamps to my cousin and me, and we, with my grandmother as a leader, wired and made shades for our lamps. Somehow, I did not get the tiny wires under the screws on the plug-in or outlet as they should have been and therefore I received a red ribbon at the County Fair and Rusty Wilson, my cousin received a blue ribbon on his lamp. My Electrical project book won as County Champion in Electrical projects record at the Fair. Last Saturday I won a red ribbon at the District contest at LaCenter on my record book.

I have found this project to be useful in repairing the other outlets and cords on electrical appliances around the house and farm. I think this project is on that all 4-H members would enjoy and learn some valuable facts they could always use.

Veterans News

Q — I have a service-connected disability presently rated as 100 per cent. Are my children entitled to benefits under the War Orphans Educational Assistance Act?

A — Sons and daughters of living veterans with service-connected disabilities rated permanent and total in nature are entitled to Educational Assistance under the War Orphans Program.

Q — Will you please tell me if the 10 per cent deductible from the income of a non-service-connected veteran is only for Social Security benefits, or does it include local, state and railroad benefits or pensions also?

A — Report the full amount of Social Security and pensions to the Veterans Administration and the VA will then make the 10 per cent allowance in Social Security payments or pension payments, such as state and railroad retirement benefits.

Q — I am 77 years old and receiving \$69 a month from Social Security pension with no other income of any kind. I lost a son in France July 16, 1944. Could you please inform me as to whether I am eligible for a pension from the VA or not? If so, who do I contact?
